

Caras Park has seen multiple upgrades in the past five years:

- Underbridge Playspace
- Caras Terrace Project
- Upgraded seating and shading
- Stormwater infiltration system
- Restroom upgrades
- Improved accessibility features

Grants and gifts primarily fund Caras Park improvements.

Help shape Caras Park's future with a new canopy where our community can continue to gather!

DOWNTOWN'S CANOPY THAT CONNECTS US ALL

A Campaign for Caras Park

Caras Park History

Pre-1980s

1980s & 1990s

1997 & Beyond

Underbridge Playspace

The playspace features picnic tables, a basketball hoop, ping pong tables, cornhole boards, bike racks, and artwork by Sideways Gaze.

Caras Park campaign funding will support phase three, which adds:

- Climbing features
- Skating structures
- Enhanced lighting

The Caras Park Pavilion is a Downtown Missoula icon, hosting 100+ events and 500,000 visitors annually, boosting the local economy.

Original canopy placement in 1997

The Caras Park pavilion canopy's planned lifespan of 15 years has far exceeded expectations, providing 28 years of service.

The Missoula Downtown Foundation aims to raise \$500,000 to replace the pavilion canopy.

Campaign funding will also go towards painting the pavilion's steel structure and updating its color palette.

Caras Park's future is bright, but this special place depends on continued community investment.

Your support will help ensure:

- An iconic pavilion canopy for future generations
- Upgraded play areas

Let's make Caras Park a space that connects us all for years to come.
